Dear Patricia,

I hope you are well.

My name is Mărioara Rus and I am a first-year MProf Psychotherapy trainee at Regent's University London. I am currently looking for a clinical placement as part of my training and was hoping you might be able to advise me on potential opportunities within the NHS.

I completed the Foundation Certificate in Psychotherapy and Counselling at Regent's before starting the MProf, and I currently volunteer with The Listening Place, where I have been trained to sit with people experiencing suicidal thoughts and offer a safe and non-judgemental space.

I am very keen to begin developing my clinical experience alongside my training and would particularly value the opportunity to work within an NHS setting, ideally with some continuity of therapeutic work with clients. I am open to different services and client groups and am happy to travel across London for the right placement.

I would be very grateful for any advice you might have about potential placement opportunities, who I should approach, or whether there are particular services within the NHS that accept psychotherapy trainees from Regent's.

I would be very happy to send across my CV and details of my course and placement requirements if useful.

Thank you very much for your time and help.

Best wishes,

Mărioara Rus
MProf Psychotherapy Trainee
Regent's University London

Dear Marioara, thank you for getting in touch and for your interest in working in the NHS. Is your training in adult psychotherapy and which professional body oversees your training and registers qualified clinicians.

I am asking wrt governance we offer placements for the recognised NHS psychological professions who are eligible for registration with the NHS recognised bodies.

and so that if your course meet the above, so that I can link you up with the best person.

regards Patricia

kind regards Patricia

Dear Patricia,

Thank you for getting back to me.

Yes, my training is in adult psychotherapy. I am currently studying the four-year, part-time MProf in Psychotherapy and Counselling at Regent's University London, which I started in January 2026. The training is primarily existential and prepares us to work therapeutically with adults.

I am currently a student member of BACP (membership number 01050963). At the end of the four-year training, I expect to register with UKCP as a qualified psychotherapist.

I can also provide a Fitness to Practise letter from Regent's University, my DBS check and my BACP student membership card. Please let me know what information or documentation you need from me to establish whether my training meets the requirements for an NHS placement.

I would be very grateful if, if appropriate, you could link me up with the relevant person.

Many thanks for your help.

Best wishes,
Marioara

Dear Patricia,

Thank you for forwarding my details to your leads.

Yes, a placement in London would be ideal. I live in Poplar (E14), so Tower Hamlets would be particularly convenient, but I am open to opportunities across any London borough.

Kindly,
Marioara

Hi,

Thanks so much for getting in touch.

Our next student intake is going to be the end of Oct/early Nov. We have saved your details and will be in touch then 😊

Thanks again,
Eleanor
